

## oxygen School Groups

The Oxygen schools groups are lunchtime groups run in secondary schools in Maidstone, Kent. These groups are run in partnership with the charity CAST and are aimed at offering pupils fun and informative lunchtime sessions. The habitation workers regularly attend work in several schools and assist with assemblies, small groups, workshops and focus days.

`{niftybox width=550px,background=#c53500,textcolor=white,border=black}`"The team have completed many activities over the years at Valley Park Community School. They have made a real impact with the pupils and teachers alike and they have been a great example to the students".

Linda Harrington, Head of Business Studies, Valley Park Community School.
