

Inhabit Clothing

Inhabit Clothing is a t-shirt and fashion brand that has been set up to support the Habitation charity. It is a trading subsidiary of the charity meaning all profits go to the charity. Our designers are all independent designers who want to see positive messages on clothing and our t-shirts are all locally sourced and produced.

Inhabit is a new venture being established so please go to www.inhabitclothing.co.uk and purchase one of our quality garments.
